RUNWAY MODEL UNIVERSE

THE 4TH EDITION

The Runway Model Universe Organization celebrates its Fourth Edition this August 2026 in Edmonton, Alberta, Canada, marking a new phase of growth and inclusivity. This edition expands its platform to all age groups, uniting fashion and runway modeling under its core vision of sustainable fashion.

These new titles recognize excellence across generations, encouraging mentorship between adults and youth while promoting sustainability, confidence, and runway skills. More than a competition, this edition stands as a creative movement shaping the future of sustainable fashion.

RMU for Sustainable Fashion:

UPCYCLING

Upcycling, also known as **creative reuse**, is the process of transforming waste materials, useless, or unwanted products into new items perceived to be of **greater quality or value** than the original.

Unlike traditional recycling, which breaks materials down into their raw form (often resulting in "downcycling" or loss of quality), upcycling maintains or enhances the material's integrity while giving it a second life.

THE EXPO FILIPINO

THE 2026 EXPO FILIPINO

ALBERTA - CANADA 
JUNE 10 – 14, 2026

Expo Filipino 2026 is a premier cultural and trade exhibition held in Canada this June, designed to showcase the best of Filipino heritage and global innovation.

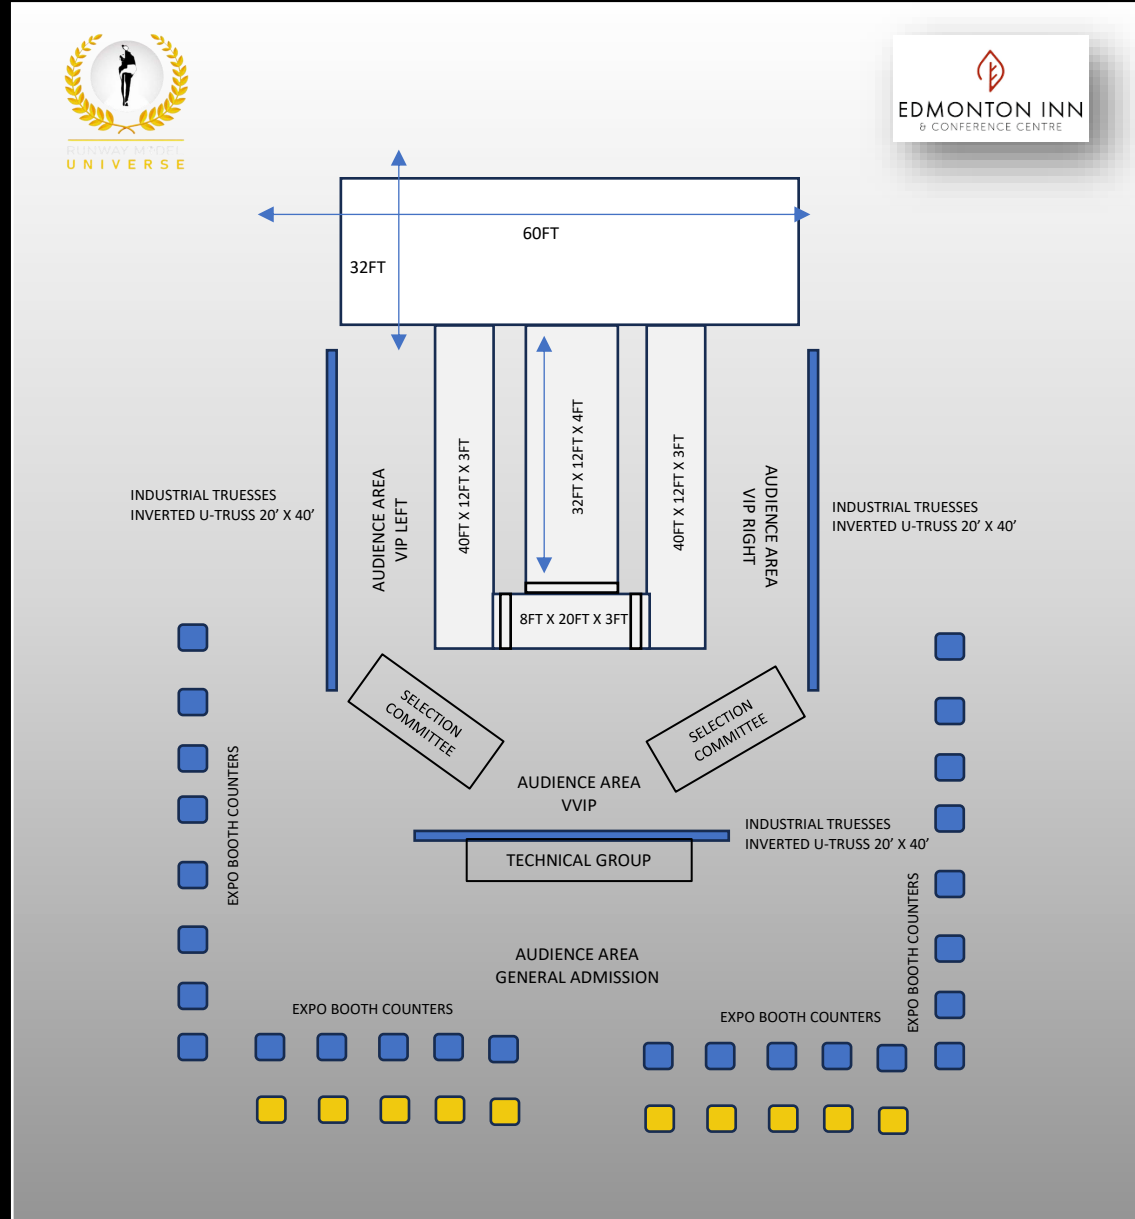

In collaboration with Runway Model Universe, the event blends a high-energy fashion competition with a professional business expo. It serves as a strategic gateway for Canada-based firms, international brands, and Filipino businesses to network, penetrate the North American market, and align with a diverse, fast-growing consumer demographic.

- Who Can Participate: Local Canadian businesses, international global brands, and Philippine-based exporters.
- Highlight: A unique fusion of retail trade booths and live international runway showcases.
